

Are you interested in being involved in a community garden?

The Glen Forrest Community Garden is looking for a new volunteer committee!

The first community garden created in the Shire of Mundaring, the GFCG has been around for 10 years. It is very well established with sheds, tools, reticulation, garden beds, a large permanent gazebo, wood fire pizza oven and mature fruit trees.

We are looking for a fresh new committee to continue to build this amazing garden. There are many ways to engage with the garden, either as executive committee members such as chair, vice chair, secretary and treasurer or just become an ordinary member and fill roles such as Permaculture/Regenerative Agriculture Team Leader, Design Team Leader, Community Engagement Coordinator, Composting and Worm Farm Team Leader or Grant Writer. Training can be arranged for any of these positions should you want to up-skill.

This is an opportunity to keep creating a beautiful space and to sustain a resilient and supportive social group centred on growing a thriving garden that nourishes the Earth and people. The GFCG already has a regular Food Share – Plants and Produce and much loved Pixies in the Patch for young children but also has held events like Volunteer Appreciation days and the Festival of Forgotten Skills. What social events would you like to see held in the garden?

If you are interested in becoming a member or just having a chat; call Christel on 0408 093 711, or email gfccommunitygarden@gmail.com or please come see us at our **Annual General Meeting on Sunday 17th March at 10:30am (after Food Share 9am to 10am)**
